Inspiring Education for Life

Merton Court provides an environment that fosters confidence, curiosity and resilience. "Head, Hand, Heart" is central to the ethos of Merton Court School, and delivers innovative first class teaching that inspires and challenges each child. Within the context of 'Statutory Framework for the EYFS (September 2021) and 'Keeping Children Safe in Education' (Sept 2022), we want each child to be educated in all matters to ensure that they have the skills to stay safe, be healthy, enjoy and achieve, make positive contributions and achieve economic well-being. The prime concern at all times must be the interests and safety of the pupils.

Circulation

This policy is addressed to the Headmaster/Proprietor, all teaching staff, all business support staff including lunch supervisors, peripatetic self-employed staff using Merton Court School premises, cleaners, sports coaches, members of the Advisory Board, any volunteers working on behalf of the school in a paid or unpaid capacity, visitors as well as any paid contractors who are working on site during term time. Throughout this policy staff will be used to reflect the whole circulation.

"Every child deserves the best possible start in life and the support that enables them to fulfil their potential... Good parenting and high quality early learning together provide the foundation children need to make the most of their abilities and talents as they grow up"

Source: Statutory Framework for the EYFS (September 2021)

The Early Years Foundation Stage (EYFS) applies to children from birth to the end of the Reception year. At Merton Court School, EYFS comprises of all children in the Early Years (EY) and Reception Classes (J1). Children here enjoy social interaction, intellectual stimulation and personal development under the caring guidance of our highly trained specialist staff. Our specialist Early Years Department offers a safe, structured environment for pre-main school children aged 3-4 years

When a child joins the EYFS, we inform parents and/or carers of the name of their **key worker** and explain their role. This is to help ensure that every child's care is tailored to meet their individual needs, to help the child become familiar with the school, offer a settled relationship for the child and build a relationship with their parents. The Reception class teacher acts as Key Worker. The Key Worker seeks to engage and support parents and/or carers in guiding their child's development at home. They should also help families engage with more specialist support if appropriate. (See SEND Policy)

Our Aims

To develop the child personally, socially and emotionally by;

- Offering a safe and secure environment,
- Making each child feel valued,
- Helping the child form stable relationships,
- Encouraging a sense of responsibility and consideration for others,
- Developing an awareness that there are similarities and differences among all groups of people but that all groups are equally important,
- Providing resources and materials that reflect the many different types of backgrounds, challenging multicultural and gender issues,
- Developing a curriculum that includes discussion and activities on different religions, cultures and languages.

To develop the child intellectually by;

- Providing a stimulating environment in which each child can learn through first-hand experience
- Promoting the use of language
- Stimulating the child's curiosity
- Giving opportunities for children to make their own decisions and encouraging active learning
- Encouraging self-evaluation.

To develop the child physically by:

- Improving skills of co-ordination, control, manipulation and movement by providing opportunities for children to use their bodies effectively by providing space for learning experiences both indoor and outdoor
- Developing fine motor skills through activities such as modelling, painting, cutting, construction, 'Funky Fingers' activities and Write Dance.
- Developing an awareness of their physical ability through weekly PE, Games, Swimming, Dance and Forest School sessions,
- Promoting the importance of a healthy, balanced diet.

To develop the child aesthetically by;

- Providing a stimulating environment in which creativity, imagination, originality and expressiveness are valued
- Providing opportunities to experiment with a variety of materials
- Providing opportunities for children to use and explore their senses
- Encouraging children to be creative and express themselves through a variety of media; music, dance, role-play art activities.

To establish a smooth transition from home to school by;

- Starting from the child, taking into account any previous pre-school experiences,
- adopting an admissions procedure that eases the transition from home to school, e.g. taster sessions in either EY or J1,
- Involving parents with their children's learning by sharing information and, having opportunities for sharing parents' expertise and experiences.

We believe that each child should attend school with a sense of enjoyment, anticipation and remember the time spent in school with pride.

Curriculum:

The EYFS at Merton Court begins when children start in EY (age 3+) and continues until the end of J1 (Reception). We recognise that the educational process starts earlier than this with learning in the home and many children attending a pre-school facility before they join our setting.

A broad, balanced and differentiated curriculum is rooted in our child centred philosophy, in which the focus is the development of the individual as a whole person. **Active learning is at the heart of the developmental process, children learn best from hands on experience.**

We aim to make our activities appropriate to the needs of each individual child. They must be flexible enough to take account of individual diversity as well as be relevant to everyone.

The Early Years Foundation Stage curriculum is organised into seven Educational Programmes with a focus on ensuring that children's cognitive development proceeds hand-in-hand with their social and personal development.

Prime Areas

Communication and Language

The development of children's spoken language underpins all seven areas of learning and development. Children's back-and-forth interactions from an early age form the foundations for language and cognitive development. The number and quality of the conversations they have with adults and peers throughout the day in a language-rich environment is crucial. By commenting on what children are interested in or doing, and echoing back what they say with new vocabulary added, practitioners will build children's language effectively. Reading frequently to children, and engaging them actively in stories, non-fiction, rhymes and poems, and then providing them with extensive opportunities to use and embed new words in a range of contexts, will give children the opportunity to thrive. Through conversation, story-telling and role play, where children share their ideas with support and modelling from their teacher, and sensitive questioning that invites them to elaborate, children become comfortable using a rich range of vocabulary and language structures.

Personal, Social and Emotional Development

Children's personal, social and emotional development (PSED) is crucial for children to lead healthy and happy lives, and is fundamental to their cognitive development. Underpinning their personal development are the important attachments that shape their social world. Strong, warm and supportive relationships with adults enable children to learn how to understand their own feelings and those of others. Children should be supported to manage emotions, develop a positive sense of self, set themselves simple goals, have confidence in their own abilities, to persist and wait for what they want and direct attention as necessary. Through adult modelling and guidance, they will learn how to look after their bodies, including healthy eating, and manage personal needs independently. Through supported interaction with other children, they learn how to make good friendships, co-operate and resolve conflicts peaceably. These attributes will provide a secure platform from which children can achieve at school and in later life.

Physical Development

Physical activity is vital in children's all-round development, enabling them to pursue happy, healthy and active lives. Gross and fine motor experiences develop incrementally throughout early childhood, starting with sensory explorations and the development of a child's strength, co-ordination and positional awareness

through tummy time, crawling and play movement with both objects and adults. By creating games and providing opportunities for play both indoors and outdoors, adults can support children to develop their core strength, stability, balance, spatial awareness, co-ordination and agility. Gross motor skills provide the foundation for developing healthy bodies and social and emotional well-being. Fine motor control and precision helps with hand-eye co-ordination which is later linked to early literacy. Repeated and varied opportunities to explore and play with small world activities, puzzles, arts and crafts and the practise of using small tools, with feedback and support from adults, allow children to develop proficiency, control and confidence.

Specific Areas

Literacy

It is crucial for children to develop a life-long love of reading. Reading consists of two dimensions: language comprehension and word reading. Language comprehension (necessary for both reading and writing) starts from birth. It only develops when adults talk with children about the world around them and the books (stories and non-fiction) they read with them, and enjoy rhymes, poems and songs together. Skilled word reading, taught later, involves both the speedy working out of the pronunciation of unfamiliar printed words (decoding) and the speedy recognition of familiar printed words. Writing involves transcription (spelling and handwriting) and composition (articulating ideas and structuring them in speech, before writing).

Mathematics

Developing a strong grounding in number is essential so that all children develop the necessary building blocks to excel mathematically. Children should be able to count confidently, develop a deep understanding of the numbers to 10, the relationships between them and the patterns within those numbers. By providing frequent and varied opportunities to build and apply this understanding – such as using manipulatives, including small pebbles and tens frames for organising counting – children will develop a secure base of knowledge and vocabulary from which mastery of mathematics is built. In addition, it is important that the curriculum includes rich opportunities for children to develop their spatial reasoning skills across all areas of mathematics including shape, space and measures. It is important that children develop positive attitudes and interests in mathematics, look for patterns and relationships, spot connections, 'have a go', talk to adults and peers about what they notice and not be afraid to make mistakes.

Understanding the World

Understanding the world involves guiding children to make sense of their physical world and their community. The frequency and range of children's personal experiences increases their knowledge and sense of the world around them – from visiting parks, libraries and museums to meeting important members of society such as Police Officers, nurses and firefighters. In addition, listening to a broad selection of stories, non-fiction, rhymes and poems will foster their understanding

of our culturally, socially, technologically and ecologically diverse world. As well as building important knowledge, this extends their familiarity with words that support understanding across domains. Enriching and widening children's vocabulary will support later reading comprehension.

Expressive Arts and Design

The development of children's artistic and cultural awareness supports their imagination and creativity. It is important that children have regular opportunities to engage with the arts, enabling them to explore and play with a wide range of media and materials. The quality and variety of what children see, hear and participate in is crucial for developing their understanding, self-expression, vocabulary and ability to communicate through the arts. The frequency, repetition and depth of their experiences are fundamental to their progress in interpreting and appreciating what they hear, respond to and observe.

Staff consider the individual needs, interests, and stages of development of each child in their care, and use this information to plan a challenging and enjoyable experience for every child across each of the educational programmes. Small class sizes mean that Practitioners have an in-depth knowledge and understanding of the children in their care.

Practitioners working with the youngest children are expected to focus strongly on the three Prime Areas, which are the basis for successful learning in the other four specific areas. The three Prime Areas reflect the key skills and capacities all children need to develop and learn effectively, and become ready for main school.

It is expected that the balance will shift towards a more equal focus on all areas of learning as children grow in confidence and ability within the three Prime Areas.

Throughout the EYFS, if a child's progress in any Prime Area gives cause for concern, staff discuss this with the child's parents and/or carers and agree how to support the child.

Staff consider whether a child may have an individual educational difference or disability which may require specialist support. They liaise with the SENDCo, who works with them to help families to access relevant services from other agencies as appropriate.

Children learn best when they are in control and need to be given the opportunity to be responsible for their own learning. They need a stimulating and challenging environment, both indoors and outdoors, in which to develop. In particular, the environment should promote personal and social skills and support the acquisition and development of language.

Personal, social and emotional well-being is the basis for successful learning and development. The whole child is important; social, emotional, physical and intellectual development is inter-related. Children develop individually and at their own rates and need to be given time to move through the developmental stages at their own pace.

At Merton Court, each area of learning and development in the EYFS is implemented through **Planned, Purposeful Play** and through a mix of adult-led and child-initiated activities. Staff respond to each child's emerging needs and interests, guiding their development through warm, positive interaction. Play based learning is paramount and children can direct their own learning from carefully planned opportunities provided by staff. Staff will enhance play and extend as needed to further individual learning. All staff who work in our EYFS are involved in this process. There is an on-going judgement to be made by staff about the balance between activities led by children, and activities led or guided by adults. As children grow older, and as their development allows, it is expected that the balance will gradually shift towards more activities led by adults, to help each child prepare for more formal learning, in Year 1.

The EYFS Coordinator is Mrs T Langton (Senior EYFS Practitioner)

The Deputy EYFS Co-ordinator is Mr A Mullin

Parents as Partners

Merton Court recognise that parents are the children's first and most enduring educators and we value the contribution they make. We recognise the role that parents have played, and their future role, in educating the children. We do this through:

- Ensuring children have the opportunity to spend time with their teacher before starting school during taster sessions,
- Information mornings for EY and J1 parents in July prior to their child joining. Here they receive pertinent information and meet the class teachers. Information is also shared about our ethos and curriculum,
- Asking parents to complete a medical form and fill in a form about their child including their likes, dislikes and any concerns they may have etc,
- Encouraging parents to talk to their child's teacher at the first possible opportunity if there are any concerns. Coffee mornings/Meet and Greet for parents are held during the first half of each new term,
- Inviting parents to attend meetings providing information about other areas of the curriculum, e.g. 'Letterland' and Handwriting Workshops,
- Holding formal meetings for parents twice a year in J1 and termly in EY at which the teacher and the parent/carer discuss the child's progress. Parents receive reports on their child's attainment and progress at the end of each term in J1 and in the Autumn and Summer terms in EY,
- Organising a range of activities throughout the year that encourage collaboration between children, the school and parents i.e. 'Drop in/Drop off' Open Morning sessions, music-related performances, Sports Day etc,
- Inviting parents to regularly access their child's Home-School Dairies, make comments relating to their child's achievements by adding photographs and comments to them,
- Making parents aware of the curriculum and ongoing activities through the curriculum plans on the class notice boards (Virtual and 3D) along with any other

relevant messages/information on a daily basis on the boards outside each class. Information is also shared with parents via our 'Parentmail' system,

- Ensuring that any child that is being collected by anyone unfamiliar to staff, is only released by the exchange of a secure password provided by the parents.
- Ensuring a quiet, private area is provided for staff to talk to parents/carers away from the children.

RATIOS

Merton Court School complies with the statutory requirements in adult – child ratios. At all times the following ratios will be adhered to. **In the EYFS, during school hours and on the premises, the adult to child ratio is 1:8 for EY and 1:30 for Reception. During school trips the EYFS ratios are 1:4 (EY) and 1:5 (J1 Reception).**

In the EYFS during school hours and on the premises the adult to child ratio in Early Years is 1:13, if a member of staff with QTS, EYTS, EYPS or another approved level 6 qualification is working directly with the children. The ratio is 1:8 in all other cases with at least one member of staff holding an approved Level 3 qualification and at least half of all other staff holding an approved Level 2 qualification. In J1 (Reception) the ratio is 1:30 with at least one member of staff holding an appropriate Level 6 qualification.

For off-site visits and trips the adult: child ratio will be 1:4 for EY and 1:5 for J1.

Inclusion and SEND in the EYFS

In the EYFS at MCS we believe that all of our children matter. We give our children every opportunity to achieve their best. We do this by taking account of their educational differences, pupils who are more able, pupils with disabilities, pupils from all social and cultural backgrounds, pupils of different ethnic groups and those from diverse linguistic backgrounds. We set realistic and challenging expectations that meet the needs of our pupils, so that most achieve the Early Learning Goals by the end of the EYFS. Some pupils progress beyond this point.

At Merton Court School we are aware that children may not progress at the expected rate. We identify those children who do not meet these developmental milestones through a range of methods, including information from parents, information received from previous settings or outside professional agencies, on-going teacher knowledge of the child, along with EYFS Profile and termly school reports. Assessment and teaching strategies within the EYFS are a good fit with the 'assess, plan, do, review' system advocated for working with children with SEND and our on-going knowledge of the child, tracking and recording enabling us to plan appropriate next steps for all children.

Those children who may need additional help to meet the Early Learning Goals by the end of J1, are largely supported within the EYFS through in-class strategies which are implemented by the class teacher. These may include:

- Planning opportunities that build upon and extend children's knowledge, experience and interests and develop their self-esteem and confidence;
- Using a wide range of teaching strategies based on children's learning needs;

- Providing extra time, 1:1 or in small groups with the class teacher or teaching assistant, focusing on key areas for development;
- Providing a wide range of opportunities to motivate and support children and help them to learn effectively;
- Providing a safe and supportive learning environment in which the contribution of all children is valued;
- Using resources and activities which meet as many of the seven areas of learning as possible: this allows children with different learning styles to engage their fullest potential;
- Planning challenging activities of children, whose ability and understanding are in advance of their language and communication skills;
- Monitoring children's progress and taking action to provide support as necessary.

Although we endeavour to make reasonable provision for pupils identified with SEND, it may not be possible to do so within the school's resources. Where a pupil is identified with SEND, which in the professional judgement of the Headmaster (and SENDCo) requires a level of support which school cannot reasonably be expected to provide, manage or arrange, School may require parents, after appropriate consultation, to withdraw their child. Fees in lieu of notice will not be chargeable in these circumstances. (Please refer to our Special Educational Needs & Disabilities Policy.)

Equal Opportunities

All members of our EYFS are treated as individuals. We aim to meet the needs of all, taking account of gender, ability, ethnicity, culture, religion, language, special educational needs, disability, and social circumstances. All staff are aware of the need for the curriculum to reflect cultural diversity and the need to prepare children for life in a diverse and multi-faith society.

English as an Additional Language (EAL)

Children with English as an Additional Language (EAL) are well supported in our EYFS setting. We value their home language and culture and reflect these in our environment. We provide opportunities for children to develop and use their home language whilst supporting their language development at home. We ensure that children have sufficient opportunities to learn and reach a good standard of English throughout the EYFS. This is achieved through the modelling of excellent spoken English, through the provision of a language rich environment and by encouraging multiple opportunities for speaking and listening. (Please refer to our EAL Policy.) For the purpose of assessing a child against the Early Learning Goals Communication, Language and Literacy skills must be assessed in English. If a child's grasp of the English Language is not strong then practitioners will explore the child's skills in their home language with parents to establish whether there is a cause for concern regarding language delay.

Assessment

Throughout the EYFS, as part of the teaching and learning process, each child is tracked across the seven areas of learning with reference to their age and stage

of development. These assessments are made on the basis of teacher knowledge of the child, observations and knowledge of the whole child. In the final term of the Reception year, the Early Years Foundation Stage Profile sums up that knowledge in relation to the seventeen Early Learning Goals (ELG) and states whether the child is emerging, or at the expected level for the ELG. In Reception the profile is completed throughout the year to track individual achievements and set future targets. At the Autumn Term parents' evenings, the Early Years Foundation Stage Profile is explained to parents. In the Summer Term parents' evening and in the final reports to parents, the achievements of the individual child against the 17 Early Learning Goals are discussed with parents and/or carers.

Year 1 teachers are given a copy of the Profile report together with a short commentary on each child's skills and abilities in relation to the three key characteristics of effective learning. Reception children visit Year 1 on several occasions throughout the year as part of the transition process to the next stage of their education.

The Early Year Foundation Stage Profile forms the basis for reports to parents.

Health and Safety and Welfare

The safety and welfare of all children in the EYFS at Merton Court School is our highest priority. Our ethos is to know everyone as an individual and to provide a secure and caring environment so that every pupil can learn in safety. In all matters relating to child protection the School will follow the procedures laid down by our own (or where appropriate the relevant child's) Local Safeguarding Partnership for Children and Young People with DfE guidance contained in Working Together to Safeguard Children (2018) and Keeping Children Safe in Education (Sept 2022).

All members of staff have a duty to safeguard our pupils' welfare and must therefore familiarise themselves and comply at all times with the School Safeguarding Policy and the Health and Safety and Welfare guidelines. This includes a duty both to children in need and to children at risk of harm. All staff have read Part 1 of KCSIE (Sept 2022). All School staff should be aware that safeguarding incidents can happen at any time and anywhere and are required to be alert to any possible concerns.

It is important to us that all children in the EYFS at Merton Court are safe. We aim to educate children on boundaries, rules and limits and to help them understand why they exist. We provide children with choices to help them develop this important life skill. Children should be allowed to take risks, but need to be taught how to recognise and avoid hazards. We aim to protect the physical and psychological well-being of all our children.

"Children learn best when they are healthy, safe and secure, when their individual needs are met and when they have positive relationships with the adults caring for them." (Statutory Framework for the EYFS –Sept 2021).

Key Person

Each child in the EYFS is assigned a Key Person. Parents are informed of the name of their child's Key Person when they join Merton Court and the role they play in their child's education. The Key Person helps to ensure that every child's learning and care is tailored to meet their individual needs. The Key Person will seek to engage and support parents/carers, along with, ensuring the child becomes familiar with the setting and also in guiding their child's developmental progress at home. They will help to engage families with more specialist support if appropriate. In Reception(J1) the Key Person is usually the child's form teacher.

At MCS, we understand that we are legally required to comply with certain welfare requirements as stated in the 'Statutory Framework for the EYFS September 2021). We understand that we are required to:

- Promote the welfare and safeguarding of children
- Promote good health (including oral health), preventing the spread of infection and taking appropriate action when children are ill
- Manage behaviour effectively in a manner appropriate for the children's stage of development and individual needs (See Whole School Behaviour & Exclusion Policy)
- Ensure all adults who look after the children or who have unsupervised access to them are suitable to do so and have undergone the relevant checks
- Ensure that the premises, furniture and equipment is safe and suitable for purpose
- Ensure that every children receives enjoyable and challenging learning and development experiences tailored to meet their needs
- Maintain records, policies and procedures required for safe efficient management of the setting and to meet the needs of the children

At MCS there are clear procedures for assessing risk which includes procedures for keeping children safe during trips and for any aspects of the environment or provision that may require a further risk assessment.

In line with the 'Statutory Framework for the EYFS September 2021), we undertake to ensure that:

- Medicines and the systems for obtaining information about a child's needs for medication are kept up to date. Prescription medicines will only be administered if they have been prescribed by a medical doctor, dentist, nurse or pharmacist and an Administration of Medicine form completed.
- Fresh drinking water is available at all times
- Children's dietary needs are recorded and acted upon when required
- The lunch provided is healthy, balanced and nutritious
- A healthy snack is provided by parents during the morning and afternoon sessions.

- EYFS staff responsible for food handling and food preparation have received training in food hygiene
- A paediatric first aider is accessible at all times and a record of accidents and injuries is kept.
- A fire and emergency evacuation procedure and policy is in place
- Our physical space complies with the Statutory requirements for children in our care.

There is a designated teacher, currently Mrs T Langton (EYFS Co-ordinator) who takes responsibility for child protection in the EYFS, and is the school's Deputy Designated Safeguarding Lead (DDSL). Mrs R Harding (Yr 1 form teacher) also sits on the Safeguarding Team and will assume Safeguarding responsibilities for the EYFS in the absence of Mrs T Langton.

The staff: children ratio meets the statutory guidelines for children in the EYFS and those attending Breakfast Club, After School Club and Holiday Playscheme.

Wet and soiled children

We provide appropriate and sufficient toilet and washing facilities (1 toilet and wash hand basin for every 10 children) for the number of children in the setting, as well as separate toilet facilities for adults. If a child in the EYFS wets or soils themselves the child will be changed in the toilet/changing area. The member of staff discovering this must inform colleagues and ensure that the child is changed. Children will be encouraged to wipe and clean themselves, however, if a child is unable to be adequately cleaned then parents will be called to come and collect their child. Once the child is adequately cleaned the staff member must change their gloves and help the child (if needed) to change into a spare uniform from their school bag. If they do not have spare uniform, School will provide clean clothes. Any soiled clothes must be placed in a securely tied bag and given to the parents/carers upon collection. Staff must ensure they dispose of plastic gloves immediately after use by putting them in a sealed bag and placing it in the bin. Parents/carers will be informed at the end of the session if the child has had to have clean clothes.

First Aid

The majority of staff in our EYFS hold either a full or emergency paediatric first aid certificate. At least one person with a full paediatric certificate is on the premises at all times when children are present and when accompanying the children on outings.

Staff taking Medication/other substances

EYFS practitioners must not be under the influence of alcohol or any other substance which may affect their ability to care for children. If an EYFS Practitioner needs to take medication, medical advice must confirm that the medication is unlikely to impair that member of staff's ability to look after children properly. The medication must be securely stored and out of reach of children at all times.

Missing Child Procedures

Please refer to our Supervision of Children Policy (Including Missing Children).

Mobile phone and camera use in the EYFS

Merton Court School allows EYFS practitioners to bring in mobile phones for their own personal use. These must be kept away from children and kept on silent mode in staff lockers at all times apart from during designated breaks in the staff room. If an EYFS practitioner needs to make an emergency telephone call they may do so from the School Office. Staff should provide their next-of-kin with the School phone number should they need to be contacted in an emergency. Mobile phones must not be used to take photographs of Merton Court School children anywhere within the school grounds or outside of school. School Ipads and cameras are provided to take photographs to support the completion of the EYFS Profile. These must be locked away securely when not in use. Staff are not permitted to wear Smart watches at school. The school is a 'no phone zone' and signs to this effect are displayed throughout the school.

Complaints: There is a detailed complaints procedure in place in the unlikely event that a parent and/or carer does not believe that the school is meeting their requirements or the requirements of the EYFS. Any written complaint within the EYFS will be resolved within 28 days of receipt. See the 'Complaints Procedure' available on request from the School Office for further details.

Staff Qualifications, Training, Support and Skills

All EYFS staff receives induction training upon joining Merton Court including Safeguarding, Prevent, Health & Safety and Fire training. Termly appraisal/supervision meetings are held with all EYFS staff to discuss children's progress and also to coach and support staff in their own personal development. Team meetings are held termly and class meetings monthly as a minimum. EYFS staff actively attend appropriate LA training meetings and networking sessions in order to extend and cascade their knowledge.

If at any time a parent/carer feels that the school is not meeting the requirements of the EYFS they may contact either Ofsted or the Independent Schools Inspectorate.

Ofsted – 0300 123 4666 or Email enquiries@ofsted.gov.uk

ISI – 0207 600 0100 OR Email concerns@isi.net
